

DNA Methylation Analysis Report

Heatmap: Methylation Levels by Genomic Locus

DNA Methylation Pattern

Clinical Sample Characteristics

Clinical Sample Age Distribution

Grouped by Urine Collection Timing

$p = 0.11$

Age (Years)

90

80

70

60

Post-operative

Pre-operative

Urine Collection Timing

White diamond represents mean value

Key Methylation Locus Analysis

Methylation at chr6.2842302

Most Variable Locus
